because the issue of human liberty is decisive

Freedom of speech and a free press

the right of men to be secure in their homes

and free from unreasonable search and seizure

and from arbitrary arrest and punishment.

The basic problem confronting the world today

We are fighting this battle again today

The issue of human liberty is as decisive now

I want to give you my conception of what is meant

And we are free to make our own laws.

Freedom for our peoples is not only a right

These are the age-old patterns

The United Nations must hold fast

It must help us to pass it on to the generations to come.

The development of the ideal of freedom

It is the fruit of a long tradition

and great freedom to develop human personality.
