Soledad

'Nobody's ever really given us such a revealing look at New York's Dominican population before . . . Cruz, in this determinedly real yet often magical novel, offers canny insights into family life' LA Times At eighteen, Soledad couldn't get away fast enough from her contentious family with their endless tragedies and petty fights. Two years later, she's an art student at Cooper Union with a gallery job and a hip East Village walk-up. But when Tía Gorda calls with the news that Soledad's mother has lapsed into an emotional coma, she insists that Soledad's return is the only cure. Fighting the memories of open hydrants, leering men, and slick-skinned teen girls with raunchy mouths and snapping gum, Soledad moves home to West 164th Street. As she tries to tame her cousin Flaca's raucous behaviour and to resist falling for Richie - a soulful, intense man from the neighbourhood - she also faces the greatest challenge of her life: confronting the ghosts from her mother's past and salvaging their damaged relationship. Evocative and wise, Soledad is a wondrous story of culture and chaos, family and integrity, myth and mysticism, from a Latina literary light.

Mission Nuestra Señora de la Soledad

The story of the missions is a compelling human drama that is a vital piece not only of California history, but also of American history. Indeed, many keys to California's past lie in the stories of the 20 missions that stretch along the state's west coast from San Diego to San Francisco. This vital series is compatible with the mission-based curriculum used in fourth-grade California classrooms. It resonates equally with all social studies programs that explore the defunct notion of colonialism and its controversial role in the history of the United States, and with curricula that seek to explore the interaction of different cultures and the rights and voices of indigenous peoples.

Soledad, Or, Solitudes

"R. G. Vliet displays a profound knowledge of and sympathy for the human heart and its desires and limitations. Writing in prose that is sensuous and compelling, Vliet spins a tale that is true both to Texas landscape and society in the 1880's and to the universal imperative of human psychology."--Dust jacket.

Soledad O'Brien

For decades, television news remained dominated by white, male faces. But over the last 20 years, American broadcast journalism has increasingly reflected the diversity of the nation itself. Soledad O'Brien, biracial daughter of an Afro-Cuban mother and Australian father, first found fame as one beautiful TV reporter among many. But the Harvard graduate wanted to be taken seriously. From her early career at NBC to her star-making turn on CNN's American Morning, Soledad has exuded a sharp intelligence and a determination to ask the right questions and share the most intriguing stories of her generation. Yet for all her professionalism and promise, Soledad's career in the fickle world of TV news has sometimes met with tragedy and disappointment. The death of colleague David Bloom in Iraq and, later, her sudden firing from CNN's American Morning put her career in a temporary tailspin. Through it all, she has remained a vital media force by taking on special projects that make a difference, including *Children of the Stormy Black in America*, and *Black in America 2*. This new biography offers an in-depth portrait of one of today's most valued TV journalists.

The Soledad Crucifixion

In the New Mexico village of Camposanto, a priest is tied to a cross made from a sacred cottonwood tree. Father Lorenzo Soledad's adversaries, the impoverished tribe called the Calabazas, observe from below, and Juan Lobo, the head man of the Calabazas, sings the Song of Passage, preparing the priest for his journey by rubbing a white powder across his brow. It's a chilly April Friday in 1897. In two days it will be Easter, but for Soledad there will be no resurrection. Is Soledad a martyr? A saint? A suicide? This gripping novel by a New Mexico writer who has spent a lifetime pondering the complicated cultures of the Southwest tells Soledad's story from his boyhood in a Texas bordello to his final day in the Sangre de Cristo Mountains.

«Hay unas pequeñas rosas rosadas sobre el escritorio. Qué extraña tristeza suelen desprender las rosas de otoño...» «Por primera vez en semanas, estoy aquí sola, dispuesta a retomar mi vida \"real\". Eso es lo extraño: que ni los amigos, ni siquiera los amores apasionados, son mi vida real, a menos que disponga de un tiempo a solas para explorar y descubrir cuanto está ocurriendo, o cuanto ya ha ocurrido». May Sarton espera abrirse camino «entre las abruptas y rocosas profundidades para llegar al núcleo de la matriz, donde aún quedan iras y violencias no resueltas. Mi necesidad de estar a solas siempre está en contrapunto con el miedo a todo aquello que sucederá si de repente, una vez adentrada en el enorme y vacío silencio, no puedo encontrar apoyo alguno». Sarton escribe con un riguroso sentido de la observación y una gran carga emocional sobre el mundo interior y exterior: las estaciones, la vida cotidiana, los libros, la gente, las ideas; y a medida que se detiene en todo ello, va conformando su viaje artístico y espiritual. En este libro nos encontramos más cerca que nunca de la esencia de su escritura.

Diario de una soledad

Ten-year-old Arturo Velázquez was born and raised in a farm labor camp in Soledad, California. He was bright and gregarious, but he didn't speak English when he started first grade. When he entered third grade in 1968, the psychologist at Soledad Elementary School gave him an English-language IQ test. Based on the results, he was placed in a class for the "Educable Mentally Retarded (EMR)." Arturo wasn't the only Spanish-speaking child in the room; all but one were from farmworker families. All were devastated by the stigma and lack of opportunity to learn. In 1969, attorneys at California Rural Legal Assistance (CRLA) discovered California public schools were misusing English-language, culturally biased IQ tests, by asking questions like "Who wrote Romeo and Juliet?" to place Spanish-speaking students into EMR classes. Additionally, Mexican-American children were not the only minorities impacted. While African-American and Mexican-American students made up 21.5% of the state population, they were 48% of special education programs! Written by two of the attorneys who led the charge against the unjust denial of an education to Mexican-American youth, *The Soledad Children: The Fight to End Discriminatory IQ Tests* recounts the history of both the CRLA and the class-action suit filed in 1970, *Diana v. the State Board of Education*, on

behalf of 13,000 Hispanic kids already placed in EMR classes and another 100,000 at risk of being relegated to a virtual purgatory. From securing removal from EMR classes for the misplaced to ensuring revised, appropriate testing for students throughout the state, this engrossing book recounts the historic struggle—by lawyers, parents, psychologists and legislators—to guarantee all affected young people in California received equitable access to education.

Narratives of contemporary Spanish writer Soledad Puértolas (1947-), inducted into the Real Academia Española in 2010, depict the psychological struggles of the individual in postmodern democratic European society. Puértolas's realist style emphasizes storytelling and character portrayal, and her urban middle-class characters seek satisfying interactions with others and a sense of purpose. Memory aids characters in their quest for meaning and identity, and their use of memory reveals their self-perception and outlook on life. This book maps four ways in which Puértolas's narratives use memory to approach the fundamental problem of the individual's search for purpose and identity. Some characters are burdened by memory in certain texts, especially *Días del Arenal* (1992) and *Burdeos* (1986). Reflection upon a painful self-defining memory affects their present mood and behavior. For some, this burden causes them to withdraw or to act irresponsibly; others accept and overcome the scars of the past. A second type of character takes an escapist approach to memory, as seen in *Queda la noche* (1989). Their nostalgic retreat indicates a restless dissatisfaction with the present. In a third type of memory, a secondary character provides the organizing force behind a protagonist's reminiscences, often an extroverted foil to highlight the protagonist's introspective nature. Memory of the relationship motivates the protagonist to mentally order his or her own life through the life review process; *Una vida inesperada* (1997) and *La señora Berg* (1998) provide examples. Finally, in the amnesic mode, Puértolas departs from realism to experiment with different forms of amnesia, as in *La rosa de plata* (1999) and *Si al atardecer llegara el mensajero* (1995). Memory loss highlights the centrality of memory to personhood and identity, while at the same time it draws attention to the inadequacy of memory to explain the totality of existence.

Discovering Mission Nuestra Señora de la Soledad

ONE OF THE WORLD'S MOST FAMOUS BOOKS AND WINNER OF THE NOBEL PRIZE FOR LITERATURE _____ 'Many years later, as he faced the firing squad, Colonel Aureliano Buendía was to remember that distant afternoon when his father took him to discover ice' Gabriel García Márquez's great masterpiece is the story of seven generations of the Buendía family and of Macondo, the town they built. Though little more than a settlement surrounded by mountains, Macondo has its wars and disasters, even its wonders and its miracles. A microcosm of Columbian life, its secrets lie hidden, encoded in a book, and only Aureliano Buendía can fathom its mysteries and reveal its shrouded destiny. Blending political reality with magic realism, fantasy and comic invention, *One Hundred Years of Solitude* is one of the most daringly original works of the twentieth century.

_____ 'As steamy, dense and sensual as the jungle that surrounds the surreal town of Macondo!' Oprah, Featured in Oprah's Book Club 'Should be required reading for the entire human race' The New York Times 'The book that sort of saved my life' Emma Thompson 'No lover of fiction can fail to respond to the grace of Márquez's writing' Sunday Telegraph
